LOW RADIUS KITCHEN SINK
DESIGN INNOVATION

About us

JP Industries was incorporated in 2014 and headquarters in New Delhi, India. We are one of the India's leading manufacturers of high quality stainless steel kitchen sinks under the trademark of ceramax.

Combined with years of invaluable operating experiences and technical know-how in the kitchen sink industry, we launched a totally new concept "Intellidrain" and "Luxury Sinks" series. Ceramax offers a line of kitchen sinks that embodies the latest contemporary lifestyles with world-class quality standards and innovative product features. JP Industries state-of-art integrated manufacturing facility spread over 5,000 sq. ft. is located at the Bawan Industrial Area Delhi. Our manufacturing facility is self-sufficient; as it has in-house design, deep draw press lines, sheet metal fabrication, complete assembly from test laboratory, and IT department. All departments are equipped with the latest and relevant machinery, equipment, hardware and software support. What more, our customer support team serve ours customer effectively and efficiently.

PTFE THREAD SEAL TAPE

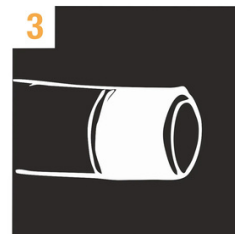

HOW TO USE TEFLON TAPE

1 Prepare threads and make sure they are clean and free from obstruction. Place end of the tape on the thread and hold in place.

2 Pull the tape that as you begin wrapping the tape around the pipe. Make sure tape stays tense as it you wrap it around the threads. Overlap tape slightly as you go around.

3 Make sure that both the grooves and ridges are tightly wrapped. Break tape off once the threads are covered.
